Prelim Damage Assessment May 16

- 22.5 million in cost estimated
- 22,715 acres burned
- 6 injuries (including fire fighters) and one fatality
- The County of San Diego is reporting some preliminary damage assessment figures for the unincorporated area, stemming from the Cocos Fire (San Marcos).
- A total of 11 single family homes were destroyed. In addition, 22 (updated from 25) structures were destroyed at the Harmony Grove Spiritualist Association.
- Two homes were also damaged.
- The tallies are based on damage assessment done Friday, May 16 by combined teams from the County of San Diego and CAL FIRE.
- In addition, the City of San Marcos has reported the loss of one single family home.
- The City of Carlsbad (Poinsettia Fire) has advised of the following damage and losses:
 - 8 single family homes were destroyed or incurred substantial damage
 - 3 single family homes sustained minor damage
 - 1 multi-family 18-unit apartment building was destroyed
 - 1 multi-family 18-unit apartment building incurred considerable damage
 - 2 commercial buildings destroyed/substantially damaged
 - 1 modular building was destroyed
- School district closures for 2 days (early release May 14 at Aviara) from Oceanside to San Marcos to Encinitas
